

## HOW TO GET BENEFITTED FROM GDCTECH MEMBERSHIP

It's a huge debate if die casting is an "art" or a "controllable technology".

Whatever it may be, all of us need each others' help to share experiences, solve day-to-day issues and grow businesses.

GDCTECH Forum, for many years, has provided a platform for the entire die casting industry to come together and help each other. GDCTECH pledges to continue doing so.

For this we will need your participation. So without wasting a second, let's come together and join hands.

Use the link below, or just give us a call to become GDCTECH member.

# WELCOME

## GREAT DIECASTING TECHNOLOGY FORUM (GDCTECH)

Aluminium Casting Industry is growing quite rapidly due to the importance of Light Weighting Programme of the automobile industry. If this growth rate is to be enhanced then the die casting industry needs to be competitive. This can be achieved only through improved productivity, quality and reduced costs by way of technological upgradation.

To achieve this, upgradation of Plant & Equipment, Technology Development, Enhancement of Knowledge, Innovations and Training of Manpower are critical and essential factors. One needs to remain in touch with the latest developments in the casting field globally.

A few years back, a small group of enthusiastic and dedicated people from die casting and allied industry, came together to form the GDCTECH Forum.

Now we invite every one concerned with this industry to extend support to the Forum by way of contributions. This will help make it better and stronger.

The Forum is registered under Societies Registration Act 1860 and under the Bombay Public Trusts Act 1950, as a Public Trust.

Welcome To

GREAT DIECASTING TECHNOLOGY FORUM

### PURPOSE

The purpose of GDC Tech Forum is to support the development of a truly world-class die casting industry in India by assisting in the enhancement of industry capabilities.

### VISION

A truly world-class die casting industry in India.

### MISSION

The purpose of GDC Tech Forum will be achieved by addressing the following :

- Dissemination of knowledge and skills related to the evolution and development of technology, technical and quality practices relevant to the industry
- Informing industry of the best available commercial and management practices through seminars and similar fora
- Supporting the industry in business development by facilitating networking of members and interactions with buyers of the industry's products and services
- Conducting programmes to attract talent to the die-casting industry and providing basic training
- Sharing and discussions amongst members on new developments in the market place

### SCOPE OF FORUM FOR GDC/LPDC/PDC MEMBERS

- ❖ Journal
- ❖ Technical Services (Training, Solution Centre and Library)
- ❖ Annual Conference/ Mega event with Exhibition
- ❖ Technology Day
- ❖ Competitions (Quiz, Project, Casting and Design)
- ❖ Industry Delegations
- ❖ Coffee Talk
- ❖ Interaction with Buyers
- ❖ Panel Discussions
